

SEALTITE ONE: AIR BARRIER ASSEMBLIES

Carlisle Spray Foam Insulation is backed by over 100 years of construction experience and is the only supplier in Canada to offer all your air barrier assembly needs under one company with a warranted spray foam insulation.

SYSTEM BENEFITS

**HIGHEST RATING IN CANADA –
A1 @ 25MM (1.0") THICK**

A SYSTEM APPROACH

WARRANTED R-VALUE

TESTED AT -20°C

Architects and specification writers can help ensure their building designs will stand up to the harsh Canadian climates with an A1 air barrier assembly by specifying:

- **CARLISLE SEALTITE ONE** – Spray Foam
- **CARLISLE CCW-705 OR HENRY BLUESKIN SA** – Membrane
- **CARLISLE CCW-702 OR HENRY BLUESKIN ADHESIVE**
- **CARLISLE ST1** – Spray Gun
